Interim Director
Subject: FY 2025-2026 Miami Individual Artists (MIA) Grant Program Recommendations

RECOMMENDATION

It is recommended that the Council approve the funding of 321 individual artist grants for the FY 2025-2026 Miami Individual Artists (MIA) Grant Program.

BACKGROUND

Eight (8) discipline-based MIA Grant Program Panels convened over May and June 2025 to review 587 applications from individual artists from the following artistic disciplines: Dance, Film/Video/Media Arts, Folk/Traditional Arts, Literary Arts, Music, Theater/Playwriting, Visual Arts, and Multi-, Inter-, Trans-, Post- Disciplinary Arts. Through a competitive process, the panels, comprised of experts in each artistic discipline and representing the arts community of Miami-Dade County, recommend funding 321 artists across the eight (8) disciplines.

The primary objective of the MIA Grant Program is to provide merit-based awards to individual artists of all disciplines in Miami-Dade County on a competitive basis to support their artistic development and practice. The grant also recognizes the contributions of Miami-Dade's outstanding artists to the fundamental vitality and creativity of our cultural community. The MIA Grants Program strongly encourages applications from professional artists of the highest caliber, who have a recognized body of original artwork and are deeply rooted in Miami's cultural life.

MIA Grant Program applicants are required to be working professional artists, defined as persons who have created a recognized body of work over a sustained period and pursue this work as a livelihood. In addition, applicants must provide proof of being a legal full-time resident of Miami-Dade County for at least one (1) year at the time of application. They must have resided and worked in Miami-Dade County for at least one (1) year at the time of application.

The MIA Grant Program Panel carefully evaluated the applicants based on work samples and support materials submitted, showcasing the artists' professional activities and accomplishments. The Panel used the following criteria to make their recommendations:

- **Excellent artistic merit, accomplishments, and intention:**
 - Application and support materials demonstrate artistic excellence through an established, recognized body of artistic work and accomplishments over a sustained period.
 - Application and support materials demonstrate consistency within the artistic practice.
 - The work samples and information provided are relevant, cohesive, and demonstrate the artist's potential to advance in their career.

- **Quality and scope of the artistic activities and practice pursued during the grant period:**
 - The quality and scope of the proposed artistic activities align with the applicant's artistic practice and demonstrate a clear path for growth and development.
 - The application clearly identifies ways the grant can positively impact the artistic practice.

The grant awards range from \$1,800 to \$5,200 based on the review and rating of the applications and represent the quality and breadth of artists living and working in Miami-Dade County. Final grant awards are contingent upon the availability of funds and approval of the Department of Cultural Affairs' FY 2025-2026 budget, which is subject to the County's Budget as adopted in September 2025 by the Miami-Dade County Board of County Commissioners and Mayor. Cultural grants funding for the MIA grants program is supported by several combined revenue sources including Tourist Development Tax (TDT), TDT Reserve, Convention Development Tax (CDT), and General Fund.

Attached is a list of recommended artists for funding.
